

VIJAY M

Software Developer / Backend Developer / Full Stack Web Developer
Tenkasi, Tamil Nadu, India | vijayradankkl006@gmail.com | GitHub: github.com/VijayM006

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3

Backend Frameworks: Flask, Django, REST APIs

Databases: MySQL, MongoDB

Tools & Technologies: Git, GitHub, Web Scraping, JWT Authentication, Role-Based Access Control (RBAC), Bootstrap

PROFESSIONAL EXPERIENCE

Backend Developer | Vetri Technology Solutions | Tenkasi, Tamil Nadu

Sep 2024 - Oct 2024

- Built custom Django web application with user authentication, session management, and MySQL database integration
- Redesigned existing website architecture, improving page load performance by optimizing database queries and implementing lazy loading
- Developed responsive front-end layouts using advanced CSS3 techniques with 100% cross-browser compatibility
- Managed backend database operations including schema design, query optimization, and data retrieval using Django ORM

Backend Developer Trainee | Febevvy Software Service Pvt Ltd | Tenkasi, Tamil Nadu

Nov 2023 - Aug 2024

- Developed complete CRUD-based Inventory Management System using Flask and SQLite with full user authentication, reducing manual data entry errors by 90%
- Built secure User Authentication System implementing JWT tokens with Role-Based Access Control (RBAC) for multi-level user authorization
- Contributed backend logic to E-commerce Platform integrating MongoDB for efficient handling of high-volume product and transaction data
- Designed and consumed RESTful APIs enabling seamless frontend-backend communication and data synchronization
- Collaborated with frontend developers on integration, conducted thorough testing and debugging, and maintained comprehensive technical documentation

Technical Assistant | Tamil Nadu State Highways Department | Tamil Nadu

Dec 2023 - Present

- Provide technical support and assistance with ongoing departmental projects and IT infrastructure

EDUCATION

Bachelor of Engineering in Computer Science

JP College of Engineering, Madurai | CGPA: 8.25 | Graduated: Dec 2023

PROJECTS

Lottery Result Tracker & Number Prediction System

Apr 2024 | GitHub: github.com/VijayM006/lottery-tracker

- Full-stack web application with automated web scraper fetching live lottery results and storing historical data in MySQL
- Implemented advanced number frequency analysis engine with prediction module suggesting likely numbers based on statistical patterns
- Built responsive UI with real-time dashboard displaying latest lottery draws using HTML5, CSS3, and JavaScript
- Tech Stack: Python, Flask, MySQL, Web Scraping, REST API, JavaScript, HTML5, CSS3

Netflix Clone - Streaming Application

May 2024 | GitHub: github.com/VijayM006/netflix-clone

- Developed full-stack streaming application with user authentication, media browsing, and video streaming functionality
- Integrated TMDb and YouTube APIs for real-time movie data and dynamic content management
- Implemented advanced features: search functionality, watchlist management, genre filtering, and personalized recommendations
- Tech Stack: Python, Flask, MySQL, REST APIs, JavaScript, HTML5, CSS3

Mutual Fund Web Application

Feb 2024 | GitHub: github.com/VijayM006/mutual-fund-app

- Developed full-stack application for managing and displaying mutual fund data with interactive dashboard
- Created responsive interface for browsing funds by type, performance metrics, and risk levels
- Tech Stack: Python, Flask, MySQL, JavaScript, HTML5, CSS3

Employee Details Management System

Jan 2024 | GitHub: github.com/VijayM006/employee-system

- Full-stack application for managing employee information with CRUD operations
- Implemented advanced search and filter options for efficient employee record management
- Tech Stack: Python, Flask, MongoDB, JavaScript, HTML5, CSS3

CERTIFICATIONS & ACHIEVEMENTS

- Completed comprehensive Backend Developer Trainee program at Febevvy Software Service Pvt Ltd
- Led final year project team - demonstrated strong project management and technical leadership skills
- Placed 3rd in college science competition, showcasing innovative problem-solving and technical expertise
